Didsbury Man Sues for Damages.

After hearing the evidence of the plaintiff and several witnesses on his behalf, in the action brought by G. H. Owen, of Didsbury, against the Canadian Pacific Railway at Calgary this week, Mr. Justice Ives took the case from the jury and dismissed the action with costs.

Owen sued the C.P.R. for \$20,000 damages for injuries received by him when the truck which he was driving across the railway track at a crossing immediately south of the town of Didsbury, was struck by a passenger train travelling north, on May 18th of last year.

Owen alleged that no whistle was blown by the approaching train. Several of plaintiff's witnesses, however, swore to hearing the locomotive whistle on approaching the crossing.

On the application of A. L. Smith, K.C., for the railway company, for a non-suit, Mr. Justice Ives dismissed the action, holding that the evidence given for the plaintiff did not disclose any negligence on the part of the servants of the C.P.R.

H. A. Chadwick acted for the plaintiff Owen, A. L. Smith, K.C., and D. W. Clapperton for the defendant company.

In connection with the above action, it is understood that Mr. Owen, through his solicitor, has given notice of appeal.

MOUNTAIN VIEW NOTES

The January meeting of the Mountain View W.I. was held at the home of Mrs. Worrell. In the absence of our president, Mrs. Blain, vice-president, conducted the meeting. It was decided to hold a baby clinic early in June. Moved and seconded we give a prize to those attending the most meetings of the year.

There will be a whist drive, oyster supper and dance in Mountain View Community Hall on Friday, February 17th.

Mrs. Archibald gave a splendid paper on the new subject "Canadian Industries."

Mrs. Archibald presented half a dozen teaspoons to Mrs. M. E. Wood on behalf of the Women's Institute.

Mrs. Chandler and Mrs. Barnes, as joint hostesses, invited the ladies of the Institute to meet at the home of Mrs. Barnes on Thursday, February 16th.

A very enjoyable checker party was held at the home of Mr. and Mrs. Ed. Blain on Wednesday, January 18th. Mr. Sam Thompson taking the honors.

WEDDING

A quiet but very pretty wedding took place on Saturday evening, February 11, at the home of the groom's brother, Mr. and Mrs. Elmer Marks, Peterson Block, Didsbury, when Miss Georgina Niel Robertson and Mr. William Randolph Marks of Eckville were united in holy wedlock by Rev. H. E. Roppel, pastor Evangelical Church. The bride was gowned very attractively in a georgette costume trimmed with taffeta.

After a short honeymoon at Calgary and other neighbouring points the happy couple will take up residence at Eckville, Alta., where Mr. Marks is engaged as a baker. Their friends and acquaintances join in extending best wishes to them.

Don't forget that the Cheer-up Club is putting on a good entertainment and a dance with a box social on February 17th at Rugby school. Proceeds to go toward paying for the piano. A real old time dance is planned on March 1st at Rugby school.

Rumors Set At Rest

The following letter which no doubt will be of considerable interest to many, has been received by R. Barrett from the Ford Motor Co. It reads as follows:—

We are consistently hearing rumors to the effect that car production is being held up due to many and various defects, also that we are recalling demonstrators, etc. We wish to assure you that there is positively no foundation for any of any of these statements. As you know, we have already received a number of demonstrators, all of which have been sold direct to dealers at the most advantageous points. These are in constant use demonstrating every day, and despite the extreme tests received at these demonstrations are exceeding all expectations for quality, speed, power, performance and economical operation.

Assure your prospective owners that the Model A Car and AA

truck have been thoroughly tested and tried out in every way and under all conditions for mechanical defects before being shown or offered to the public and that they have passed these rigid tests to the satisfaction of the critical minds of Mr. Ford's Engineering Department.

The New Ford Car and Truck offer by far the greatest transportation value in automobiles today and it will be little credit to our dealer organization if they permit fictitious rumors to seriously affect the minds of their prospects, particularly those who have already committed themselves to purchase Ford Products.

The W.C.T.U. will meet at the home of Mrs. H. Reiber on Tuesday, February 21st at 3 o'clock sharp. Topic: "Francis Willard Memorial and World's Missionary Day," to be given by Mrs. J. Clarke in conjunction with a program. An offering will be taken. Members are cordially invited to bring their friends.

TWO MIRACLES OF POWER

Golden Text: "Who then is this, that even the wind and the sea obey Him?"

Lesson: Mark 4.35-5.20.

Devotional Reading: Psalm 104; 1-8.

Explanations and Comments

I. The Storm, 4.35-37.—On the day that Jesus spoke many parables (our last lesson), he said at evening to his disciples, "Let us go over unto the other side," for he would escape the multitudes and rest. They took him with them in the boat, even as he was. What an insight into the humanness of Jesus that little phrase—even as he was—gives us! The day had severely taxed His physical strength, and He was tired out. He needed rest even as do we. The boat had been his pulpit, and when his discourse was ended and the disciples set sail from the shore, he sank down in the stern and fell asleep.

"What strikes us here is that he had learned to relax—to use the language of today. No sooner was His work done, than He composed Himself to sleep, and as comfortably as possible He used the cushion as His pillow. Some people break down because they have never learned to relax. Their work done, they cannot rest. Their minds are still busy. If we are to work to the full, we must learn to drop the yoke swiftly and to rest with both mind and body. Jesus is an example in this also."—R. C. Gillie.

Suddenly there arose a great windstorm, and drove the waves into the boat so that it began to fill. There have always been sudden and violent storms on the Sea of Galilee.

CHAPTER XIX

One day in August, when the train came in, the conductor ran into the station and shouted to the operator, "Say Ted, there's a war in Europe! What do you know about that?"

Ted took his pipe from his mouth and spat at the red stove. "Quit your kiddin'," he said briefly.

The conductor handed him the paper. "What do you make of that?" he said, as he pointed to the staring headlines. "Maybe you'll believe me when you read that?"

The operator grudgingly admitted that there seemed to be more in it than he had at first believed. "Well, what's it all about?" he asked the conductor; "whose row is it anyway?"

The conductor tried to explain. "Tain't any of our business, is it, if someone shoots an arch-duke," said the operator. "Isn't it about all some of these arch-dukes is good for? Are they scarce of them?"

He was dusting off his desk with a large handkerchief as he spoke, and that was a sure sign of mental activity.

"It looks bad, Ted," the conductor said, gravely; "there's lots of excitement in town—fellows joining up, bands playing and all. I know some of the boys that are just itching to go, but I assure you it isn't me. Well, so long, Ted; I guess we should worry—it's a long way from Northern Alberta."

Old Sim, the night watchman, took it more seriously than anyone in Eagle Mines. "Wars," he said to Helmi and Mrs. McMann when he came in for his supper that night "is inevitable. That's a big word, Helmi, and means can't be helped. They come ever so often, and kill a lot of people and maim and hurt a lot, make a lot of debt and trouble. Everyone in the

Large Financial Outlay

Over Twenty-Nine Millions Spent On Road Improvement Last Year

George W. Yates, Acting Federal Commissioner of Highways, reports that for the year ending March 31, 1927, the mileage completed under the Canada Highways Act was 7,436, with 872 under improvement.

In addition to the work Federally subsidized the nine provinces have carried on extensive programs of highway construction and improvement, with the result that a total of 5,788 miles of road were improved during the season of 1926, at an outlay of \$29,585,000, made up of Federal, Provincial and Municipal expenditures. The total amount spent on the improvement and maintenance of Canadian roads during 1926 was approximately \$45,500,000.

There were 24,708 miles of highway approved as being eligible to participate in the \$20,000,000 Federal highway subsidy. So far of this amount \$18,775,604 has been paid over to the provinces.

This year will complete the Federal subsidy. It is unlikely there will be a further Federal grant.

Druggist Gave Her

Very Good Advice

Miss Ruth Horowitz, Bronx, N. Y., writes: "Having been troubled with indigestion caused by constipation for several months, my druggist advised a purely vegetable laxative pill."

I can safely say that since I am taking them, and only one each night, I feel like myself again and can eat most anything without fear of an attack."

our men to fight? We won't; it's the Old Country's fight—not Canada's."

It was a long speech for Helmi to make, and she had to stop her sweeping to do it.

"Anyway, Jack is safe up there on the Nehanna—he will not hear of it until it's over maybe," said Sam.

Helmi looked at him gratefully. "Will you have tea or coffee tonight in shiny bottle?" she said.

Eagle Mines, composed largely of Americans, was not greatly disturbed by the war. The mine boss, although a Canadian, expressed the general view when he said, "Let the people who started this thing finish it. It's not our funeral. We'll keep our heads down and mine coal—that's our business."

The men heartily concurred in this, and when the price of coal went up, and their wages had a corresponding increase, they were not disposed to quarrel with the cause.

"Good old war," said Peter Hamilton, the time-keeper, as he counted out the men's money at the end of October; "Long may she wave."

The first disturbing glimpse that the residents of Eagle Mines had, was the coming of an English homesteader from up the river. He was but slightly known to the people because he came in only twice a year to buy his supplies, and never lingered for a friendly chat like other people, and therefore was not liked by the few people who had seen him. Their diagnosis of his case was that he was just a little off. A man who lives alone, raises dogs, takes pictures, gets no mail, and talks to one except when it cannot be avoided, has no right to expect that people will consider him a sane person. The residents of Eagle Mines when referring to him at all called him, "the crazy Englishman."

It was a dull gray day in early November that he came to town and drew up in front of Simpson's store. He sprang out of his buckboard and ran into the store excitedly. "The Empire is at war!" he shouted; "Did you know it? A man passing by my place showed me the paper. Did you know it? Why didn't you send me word?"

Jim Simpson wrinkled his nose. "How did I know you cared?" he asked, replacing a prune which had fallen to the floor.

The other man raised his voice almost to a shout. "Cared? Cared? Don't you know what it means? It's my country—your country—it's threatened—everyone cares."

"Well, I don't," said the storekeeper, positively; "she got into this without askin' me, and she kin git out the same way."

The Englishman stood speechless. Could it be that any man living in the

Empire on which the sun never sets could utter such words and live? Something of the benumbed amazement which fell on Rip Van Winkle when he returned to find good King George gone, and no one sorry but himself, fell on him. Could it be that—but no, that was impossible. The Empire would endure as long as the sun held its course.

The Englishman had been a resident of the neighborhood for over fifteen years. Long before the opening of the mines he had come and squatted on a piece of land in another fertile valley about eight miles further up the river, going in on foot with all his possessions, a gun on his back and a dog at his heels. Beside the crooked little stream (called English River, in compliment to him) he built a shelter of boughs and began to cultivate a piece of land for his garden with a wooden hoe of his own making. He had told the people at Bannerman, which was the nearest settlement, that any man should be able to wrest a living from the soil if he had a dog for company, an axe, gun and a few seeds.

If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

Little Helps For This Week

"He that is slow to anger is better than the mighty; and he that ruleth his spirit than he that taketh a city."—Prov. xvi. 32.

If, then, you wish not to be of an angry temper, do not feed the habit; throw nothing on it which will increase it; at first keep quiet, and count the days on which you have not been angry; for the habit at first begins to be weakened, and then is completely destroyed. When you can say, "I have not been vexed today, nor the day before, nor yet on any succeeding day during two or three months, but I took care when some exciting things happened," be assured that you are in a good way.—Epictetus.

To rule oneself is in reality the greatest triumph.—Sir John Lubbock.

Let the world be better, brighter,
For your having trod its way;
Let your light be seen afar,
Ere sinks down life's little day.

Scatter seeds of love and kindness
As you tread the heavenward road,
You will find them all again
In the paradise of God.

Waxes ended in death! So a recent Canadian investigation showed. These were not cases of infectious diseases—of consumption—of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick—and where the wound, being thought not serious enough for careful treatment, had been neglected. Blood-poisoning and death resulted.

When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs prevents blood-poisoning, etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. All dealers, 60c. box.

GIVE CONFIDENCE TO YOUNG MOTHERS

By Always Keeping Baby's Own Tablets In the Home

A simple and safe remedy for the common ills of babyhood and childhood should be kept in every home where there is either a baby or a young child. Often it is necessary to give the little ones something to break up a cold, allay fever, correct sour stomach and banish the irritability that accompanies the cutting of teeth.

Experienced mothers always keep Baby's Own Tablets in the home as a safeguard against the troubles that seize their little ones so suddenly and the young mother can feel reasonably safe with a box of these Tablets at hand and ready for emergency.

Baby's Own Tablets are a mild but thorough laxative that act without gripping and they are absolutely guaranteed free from opiates or other harmful drugs. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A 25-cent piece dated 1876 is worth 30 cents.

A Remedy For Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will do much in relieving pain.

Mrs. Wilson's Experience a Guide to Women Passing through the Change of Life

Hamilton, Ontario.—"I have taken several bottles of Lydia E. Pinkham's

Vegetable Compound and I cannot speak too highly of it as I was in the Change of Life and was all run-down and had no appetite. I was very weak and sick, and the pains in my back were so bad I could hardly move. I got very sad at times and thought I had not a friend on earth. I did not care if I lived or died. I was very nervous, too, and did not go out very much. A friend advised me to try a bottle of Lydia E. Pinkham's Vegetable Compound, so I did. I am a farmer's wife, and always worked hard until lately, and was in bed for two months. I began to feel like a new woman after the first bottle and I recommend it with great success, also Lydia E. Pinkham's Liver Pills. I am willing to answer letters from women asking about your medicines, as I cannot speak too highly of them."—Mrs. EMMA WILSON, 471 Wilson Street, Hamilton, Ontario.

PIMPLES BROKE OUT ON FACE

Lasted Nearly a Year.
Healed by Cuticura.

"My skin trouble began with pimples breaking out on my face. They gradually grew worse and spread to my body. They were red and itched very much, and when I scratched them it caused more pain. Scratching caused eruptions which disfigured my face. At night I could not sleep on account of the irritation. The trouble lasted nearly a year."

LESSON No. 15

Question: Why is emulsified cod-liver oil so important as an added ration with milk in the diet of children?

Answer: Because when it is mixed with milk it makes milk a more efficient rickets-preventing food and builder of strong bones. Children like it best in the form of

The death occurred in the Didsbury General Hospital on February 5th, of Hazel Tanner, daughter of Mr. and Mrs. R. Tanner of Elkton at the age of 14 years. The remains were taken to W. S. Durrer funeral chapel and on February 7th a service was held in the United Church where a touching tribute to the lovable character of the young girl was paid by the Rev. A. E. Hayes. Interment took place in the Didsbury cemetery.

Around ten thousand snowshoers and their friends will visit Montreal on the occasion of the 20th anniversary of the founding of the Canadian Snowshoers' Association to be held in Montreal February 3-6. The convention is international in scope since it takes in the American Snowshoers' Association with over 1,500 members in the states of New Hampshire and Massachusetts, while there are also representatives from the Manitoba Snowshoers' Association and local bodies from all over the province of Quebec.

Making his second visit to Canada in 44 years, Seymour Hicks, noted British actor, with his wife, the equally well-known English stage favorite, Ellaline Terriss, and their daughter Betty, with a company of 26, arrived at Halifax this month, played a week there and three days at Saint John as the opening phase of a four months' tour that will embrace the whole Dominion to Victoria and back. Mr. Hicks travelled C.P.R. and will conclude his tour May 5.

The increased buying power of the Canadian people and the surplus funds in their possession for investment in the last few years is accounted for by the increased production of the Dominion, substantial increments having been recorded since 1923 and a new record made, according to estimates, in 1927. The value of gross production in Canada in 1923 was \$4,946,000,000; in 1924 it was \$5,263,000,000; in 1925 \$5,599,000,000 in 1926 \$5,656,241,624 and in 1927, according to the estimate of the "Financial Post," \$5,755,796,700. Production in 1927 exceeded that of 1926 by approximately \$100,000,000 and that of 1923 by \$809,000,000. Agriculture accounted for \$1,660,387,100; forestry \$489,405,000; fishing \$59,291,000; trapping \$16,788,600; mining \$282,750,000; electric power \$138,195,600; construction \$398,300,000, and manufactures \$2,760,700,000.

The Poultry Department of the University of British Columbia announces the sale of a white Leghorn hen for \$500. She is not the famous Hen No. 6, but F. 319 and was exhibited at Ottawa last summer. Last year she laid 365 eggs in 365 days; and as she weighs just four pounds her purchase price was \$125 per lb. F. A. Sansome, of Greenwich, Conn., was the purchaser.

The Government's final crop estimate is now: Wheat, 444,000,000 bushels, as compared with an estimate of 458,000,000 in September and last year's actual yield of 409,000,000; oats 452,000,000 bushels as against September's estimate of 502,000,000 and last year's actual yield of 383,000,000. Barley is put at 98,000,000 bushels as against 99,000,000 last year and rye at 16,000,000 bushels against 12,000,000 last year.

The fourth of the five new freighters being built by the Canadian Pacific Steamships was launched recently at the yards of Barclay Curle & Co., Glasgow. The S.S. Beaverhill will make her maiden voyage from Glasgow to Saint John on March 10, 1928. With her four sister ships the Beaverhill will be a weekly service between Canadian ports and London, Hamburg, Havre and Antwerp. She will be an "all-weather" vessel with a speed of 14 knots and is built to the highest class of Lloyd's specifications.

Here and There

Preliminary figures indicate that mining production in British Columbia this year will exceed all previous records, although prices will be somewhat below those of 1926, when a total of \$67,000,000 was recorded.

Tobacco growing in the Kelowna district, B.C., has been so successful this year that the acreage will probably be increased to 1,000 next season. The present crop has been safely harvested and cured.

Not since 1917 has the Nova Scotia mining industry enjoyed so prosperous a season. During the fiscal year ending September, approximately 6,640,000 tons of coal were produced in the province against approximately 5,000,000 for the same period of last year.

Here and There

Winnipeg.—The British boy immigration scheme has been adopted by the Manitoba Provincial Government, and about fifty lads will be brought here this year for placement on farms in the province. Hon. A. Prefontaine, Minister of Immigration, announced. First, the boys will be placed at the Manitoba Agriculture College for preliminary training in farm work.

Calgary.—Two commercial airplane transport projects are being developed in Calgary. One calls for the use of airplanes carrying twelve persons each, to be used principally for passenger, freight and mail traffic between Calgary and Edmonton; the other calls for lighter machines, two or three passengers, for Calgary-Edmonton and mountain flight purposes.

All the way from Camrose, Alta., to Glasgow, Scotland, unaccompanied, a distance of approximately 5,000 miles is the record of Donald James Campbell, nine years of age. He took the All-Red route of the C.P.R. across the Dominion to Saint John, where he embarked on the liner Montclare bound for Glasgow. He is visiting his aunt, who lives in Bushy, Glasgow.

All previous records in connection with the westbound movement of grain to Vancouver over Canadian Pacific Railway lines were broken during the first two weeks in January, according to E. Cotterell, superintendent of transportation, western lines of the company. Deliveries at Vancouver by the Canadian Pacific during the fortnight in question totalled approximately 22,500,000 bushels of grain.

Calgary.—Farm land values in Southern Alberta are tending to become firm as the result of the series of good crops, and more inquiries for farm acreage have been received in the last few months, according to real estate men, than in any similar period in the past five or six years. Farms offered for sale last spring at \$15 per acre and bringing no offers are selling now for from \$20 to \$25 per acre. The demand for farms both for purchase and rental is decidedly strong.

In recognition of the fine work by officers of the Canadian Pacific Railway and the Canadian National during the last summer tour of the second triennial Empire Mining and Metallurgical Congress, presentations of gold and enamel cuff links were made recently, to fifteen employees of both companies, at a dinner held in Montreal. E. W. Beatty, president of the C.P.R., and Sir Henry Thornton of the C.N.R., were both present.

Snowshoe week in Quebec got away to a good start when several thousand members of the Raquette Clubs paraded the streets of the old city and later some 1,300 snowshoers in full winter festival costume made an attack on the walls defended by the garrison and illuminated by a brilliant fireworks display. The chief center of interest there is the International Dog Derby, which is to be staged shortly and for this, visitors from the entire Dominion and the United States are flocking to Quebec, taxing the Chateau Frontenac to its full capacity. The biggest shipment of live foxes to leave North America for the European market since the industry has been developed left Charlottetown in a consignment of 1,000, bound for Norway, via Halifax. These animals are valued at from \$500 to \$1,500 a pair, and the entire shipment is valued at approximately half a million dollars.

Her Grace the Duchess of Atholl, prominent British peeress and Parliamentarian, was the central figure recently at the launching on the Tyde, Scotland, of the first of the four new Canadian Pacific "Duchess" ships—the 20,000-ton passenger liner "Duchess of Atholl." These vessels will go into the Canadian Pacific Atlantic passenger service.

The elaborate figurehead of the "Empress of Japan," the first trans-Pacific liner on the Canadian Pacific, has been mounted in Stanley Park, Vancouver. The "Empress of Japan" was a clipper type steamship and the largest and fastest vessel ever constructed. The Pacific Transport Line was presented to the Stanley Park Board as a gift of the Japanese government.

Eight Years Of World Service

With the conclusion of the Great War and the assembling of the Peace Conference, a new chapter was written in the history of this old world when the League of Nations was formed and the Covenant of the League written. By that act a new conception, a new ideal of international relationships and obligations came into being.

On January 8th last, the League of Nations observed its eighth anniversary, and although eight years is but as a fleeting second in the life of the world, there is interest and value in glancing back over that brief period and seeking to measure the usefulness of the League and in endeavoring to find an answer to the question whether it is worth while, and whether there is to be found in its brief history the seeds of permanence.

The general opinion of the press of the world is that, while the League has not accomplished all that was hoped for it, nor realized the extravagant hopes of its most enthusiastic supporters, neither have the doleful prophecies of the skeptics of 1920 been fulfilled.

The League has not yet succeeded in making the world safe from the menacing shadow of future wars, although it has been instrumental in mediating at least six disputes, any one of which might have developed into world war. On the other hand, it has confounded all the dire prophecies that it would quickly collapse in a welter of quarrels and recriminations. Instead, it stands stronger today than at any previous period in its short history.

From its inception, the programme of the League has had two main objects,—two great principles which, from the first, it has sought to establish,—the extension of international law, and the settlement of international disputes by arbitration. It has done much to secure acceptance by all nations of these principles. But that is not the sum total of its accomplishments. To quote Lord Cecil:

"It has improved international intercourse, it has struck some effective blows at grave social evils, it has rescued some hundreds of thousands of men, women and children from captivity or starvation, it has done something to restore the economic situation in Europe, it has succoured states floundering in a financial morass."

The League has yet to achieve its highest purpose, its greatest task, the attainment of a position which ought to destroy war. If it has, as yet, failed in that, if disarmament is still a dream and war still a dreadful possibility, the reason is not far to seek. The London Daily Herald, Labor, states the position when it says:

"The character of any association is derived from and determined by the character of its members. A thousand Quakers will not make an effective infantry battalion, nor a thousand bookmakers an effective anti-gambling society. The impossibility of gathering grapes from thistles is not altered even by dubbing a thistle field a vineyard. And since the League is a collection of governments, its character and its work depend inevitably upon the nature of those governments. Its collective will is formed by their individual wills. It must in practice be an instrument of their policies."

Or, to quote Lord Cecil again:

"The task of the League is to destroy war—a task of enormous difficulty. It certainly cannot be accomplished at a single stroke or in a few years. It will need all our energies, all our courage, and all our faith. The first step is to get rid of the notion that it is lawful for one nation to make war on another at its own will and pleasure. That step has been taken so far as all members of the League of Nations are concerned. It is implied in the Covenant, and has been definitely expressed more than once in resolutions of the Assembly to the effect that 'aggressive' war is an international crime."

The League of Nations' membership of forty or fifty nations includes all the great nations of the world with the exception of Russia and the United States. For eight years the leading statesmen of these nations have been assembling around the conference table and exchanging views with the utmost frankness. They are learning each others' viewpoint. They have striven to find common ground of agreement, and to develop formulas acceptable to all and upon which common action may be taken. In this manner many old prejudices and suspicions have been wiped away, and a spirit of goodwill and a readiness to co-operate engendered.

The League of Nations is, above all, a powerful educational influence leading the peoples of all races, colors and creeds to think along lines of peace rather than of war. And that, after all, is the main essential—the development of a peace consciousness, a real desire for peace on the part of the masses of the people, everywhere. Only so will war be utterly destroyed.

Sour Stomach

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain de-

parts. You are happy again in five minutes. Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Observations Of Hudson Strait

Aerial Work To Be Continued During Spring Break-Up

Terminal facilities at Fort Churchill should be completed by 1930, Alex. Johnson, Deputy Minister of Marine, stated in Montreal. Aerial observations of ice conditions in Hudson Strait are being continued. Mr. Johnson said, and particular attention will be given to the movements of ice during the spring break-up, to determine the earliest date it will be possible to sail a ship through the bottle-neck passage between Hudson Bay and the Atlantic.

ARE YOU RUN DOWN?

All That Is Needed Is a Tonic To Build Up the Blood

There are many people who have been semi-invalids so long that they accept their condition as a life burden. They have endured nervousness, broken sleep and a generally run-down feeling so long that they have given up hope of again enjoying good health. In most of these cases a well chosen diet, fresh air and a tonic to build up the blood would do wonders. And as a blood-building tonic no other medicine can compare with Dr. Williams' Pink Pills. There is scarcely a spot in Canada where you will not find some formerly ailing person who has found new health through the use of this medicine. The experience of Mrs. Thomas Ahearn, St. Malo, Que., bears out these statements. She says: "I have the greatest reason to be thankful for what Dr. Williams' Pink Pills have done for me. I was in a very weak and run-down condition. Frequently I would faint and my legs would swell badly. It was almost impossible to do any housework. It seemed as if my blood had turned to water. In this weak and despondent condition I began taking Dr. Williams' Pink Pills. A few boxes proved that they were helping me, but I continued taking the pills until I had used a dozen boxes, by which time I found myself a completely restored woman, able to do my work without fatigue, a better appetite and a sense of cheerfulness, where before I had been despondent. For all this, thanks to the health-giving qualities of Dr. Williams' Pink Pills."

If you are feeling run-down, give Dr. Williams' Pink Pills a fair trial and new health will be yours. You can get the pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Empire Marketing Board

Campaign In Old Country To Create Demand For Empire Products

The Empire Marketing Board is carrying on a most useful work in endeavoring to educate the purchasing public of the Old Land in products of the Empire. One of the striking methods used is a series of illustrated advertisements depicting typical scenes in connection with marketing and transportation of various products from distant parts of the Empire.

Two striking advertisements recently issued deal with apples from Canada, and are calculated to bring very forcefully to one's attention the excellent qualities of this imported Canadian fruit. No better method could be desired for creating a demand for this product of Canadian orchards, and should materially assist in stimulating trade within the Empire.

Support Canadian Literature

Canadian Books, By Canadian Authors, Printed In Canada

The Carillon Book Club, of Canada, have inaugurated a plan to furnish the reading public of Canada with books by Canadian authors, printed by Canadian workmen on paper made in Canada. They have received an option on the output of a Canadian publishing house, and as soon as each book comes from the press they will be sent postpaid to members of the book club. The annual subscription rate is \$10 per year, and this pays for six new books, which will be sent to members as soon as printed and at intervals of two months. This is not a money making proposition, the main object being to provide the people of Canada with good, wholesome books by well-known Canadian writers. Mr. C. C. Knight, Exchange Building, Ottawa, is the president of the club, and by writing to him, full particulars of the plan will be gladly furnished.

BAKE YOUR OWN BREAD

ROYAL YEAST CAKES

STANDARD OF QUALITY FOR OVER 50 YEARS.

HOME-BAKED BREAD IS BEST OF ALL

Recipes For This Week

(By Betty Barclay)

GERMAN SOUR BEEF

- 2 cups water.
- ½ cup lemon juice.
- ½ teaspoon salt.
- ¼ teaspoon pepper.
- 1 large onion.
- 1 carrot.
- 2 pounds cheap cut of beef.

Cut onion in thin slices; cut carrot in strips; add water, lemon juice, salt and pepper, and pour over the beef, and leave over night. Drain meat; put in small agate pan; dredge meat with flour, and put in hot oven until flour is brown. Add one cup of the water in which meat was soaked, and cover closely. Bake slowly, and when half done, add vegetables, drained from water, and continue the cooking, adding more liquid, as needed. When tender, remove to serving-dish, and thicken gravy, of which there should be one cup, with two tablespoons flour, mixed with two tablespoons cold liquid. Add, if desired, one-fourth cup sour cream. Put vegetables around the beef, and serve gravy in a sauce-boat.

The lemon juice helps very much to make tough meats tender.

NEW YORK SALAD

- 4 slices pineapple.
- ½ cup celery.
- ½ cup nuts chopped.
- 2 oranges.
- Cream mayonnaise.
- Lettuce.

Arrange slices of pineapple on nests of lettuce leaves. Cut celery in slender strips, one and one-half inches long, and mix with nut meats. Pile in centre of pineapple, and garnish with four sections of orange, free from membrane, laid symmetrically on pineapple. Pass dressing separately.

What is Home With a Sick Mother?

Peterboro, Ont.—"Following motherhood I developed a trouble that pulled me completely down in health. My nerves were bad, I was weak, had severe pains in my sides, my back ached and I was a nervous and physical wreck. But, after taking five bottles of Dr. Pierce's Favorite Prescription my nerves were in good condition and I fully regained my health and strength. I recommend the 'Favorite Prescription' to all women who suffer as I did."—Mrs. Maurice Tobin, 100 Steward St.

All druggists. Tablets or liquid. This Prescription is made in Dr. Pierce's Laboratory in Bridgeburg, Ont. Send 10 cents there if you wish a trial package of the tablets.

it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

KELLOGG HAS A KIND MESSAGE FOR CANADIANS

Ottawa.—"With no Imperial designs, with no wish for the territory of any other country, with a common history, common hopes and aspirations, we have in the past and we will in the future adjust our difficulties by peaceful means. If we have mutual acquaintance with each other's institutions, respect for each other's rights, tolerance and patience, there is no question which cannot and will not be adjusted between us."

In these words Hon. Frank B. Kellogg, Secretary of State for the United States, expressed to the Canadian people the feeling of Americans towards this and other countries in a banquet here, tendered in his honor by the Prime Minister of Canada, Right Hon. W. L. Mackenzie King.

Proposing the toast to Mr. Kellogg, the Prime Minister expressed the appreciation of Canadians at the honor done this country when Hon. Mr. Phillips was selected as first minister to Canada.

"We felt at the time he came," said Mr. Mackenzie King, "knowing his career at Washington and abroad, that we had every reason to extend to him a warm welcome. Now that he has been among us for some months, we feel we can extend to Americans generally the same welcome, due to the representation which Mr. Phillips has given us of the United States."

Replying to the toast, Mr. Kellogg declared President Coolidge had specially commissioned him to extend to the Government and the people of Canada his very best wishes and most sincere regards and also to express his thanks for the visit of the Governor-General and the Prime Minister. He expressed thanks for the reception accorded him, a "reception that far exceeded his anticipations." He was pleased to believe this was expressive of Canada's sentiments towards the United States.

"I think an event of surpassing importance to Canada, to the whole British Empire, and to the United States has occurred during my term of office as Secretary of State," said Mr. Kellogg, "the appointment of the first minister from the Dominion of Canada to the United States, and the appointment of the first United States minister to Canada. I feel this was a notable step between the British Empire and the United States—another link formed in our international relations making for more intimate acquaintance and facilitating the adjustment of the many questions arising between Canada and the United States."

Mr. Kellogg touched upon the gift of Canada to the American people of the memorial in Arlington cemetery, commemorating the sacrifice of the American-born soldiers who served and gave their lives in the Canadian armies.

"There is in each country a strong nationalistic feeling," said Mr. Kellogg, "you on your part of loyalty to your country and to your great Empire; we to our country. We are rivals in all those accomplishments which make great nations—in economic, scientific and educational developments; but it is rivalry without bitterness, a rivalry which tends to enhance the development of both countries. You have not grown, and developed less because the United States has grown and developed with you. Rather, our efforts have supplemented each other."

Mr. Kellogg made reference to the long peace between Canada and the United States and declared that with tolerance and patience there was no question which could not and would not be adjusted. Experience, however, had shown that war in any part of the world could not fail to affect all nations.

"We are desirous of promoting peace. We should therefore lend our influence in every possible way consistent with our sovereign rights and institutions to aid in the advancement of peace," he declared.

Water, land and air are now used regularly for traffic between Detroit and Cleveland.

Again President Of National Dairy Council

J. A. Caulder Unanimously Re-Elected By That Organization

Regina.—J. A. Caulder, retiring president of the National Dairy Council, was unanimously re-elected by that organization, when it held its first meeting of the year.

Mr. Caulder suggested in his address that it would be best to elect some eastern member to the presidency, as the important matters coming before the council this year, such as the revision of the Australian and New Zealand preferential tariff on butter, could be more efficiently handled by some one in close touch with the Ottawa headquarters of the council. He was, however, overruled by the other members.

Too Busy For War

U.S. Occupied With Domestic Affairs Says J. A. Spender

London.—Citizens of the United States are too busy with their own domestic affairs to dream of war, J. A. Spender, former editor of the Westminster Gazette, declared in a statement concerning his recent trip to the United States. He said he thought that officially there was a certain chill in the relations between Great Britain and the United States because of the results of the recent Geneva naval conference, but that this official chill was not reflected by the people of the United States, who feel goodwill for Great Britain.

Commemorates Amery's Visit

Ottawa.—To commemorate the visit of the Rt. Hon. Col. L. C. M. S. Amery, Secretary of State for the Dominions and Colonies, a mountain in Alberta having an elevation of 10,900 feet has been named "Mount Amery" by the geographic board of Canada with the concurrence of the Province of Alberta. The mountain overlooks the junction of the Alexandra River with the North Saskatchewan from a point just south of the Alexandra.

To Face Turkish Court

Brussau, Turkey.—Miss Edith Sanderson, of Berkeley, Cal., teacher in the school here which closed recently on complaints by the authorities that it had broken Turkish law by converting students, will be tried in a Turkish court February 13, on a charge of breaking the law forbidding religious propaganda. It is generally expected that Miss Sanderson will be fined and directed to leave the country.

Another Victim Of Canned Heat

Winnipeg.—Winnipeg's fifteenth victim of poison alcohol within the past six weeks has been reported. The latest victim was Robert B. Good, 55 years old, who succumbed to the effects of methyl hydrate poisoning. He was found lying in bed unconscious by roomers in the house at which he was staying. He died without regaining consciousness.

Canadian Is Appointed

Montreal.—Dr. Arthur T. Henderson, a teacher in the McGill Faculty of Medicine, has been appointed Harben lecturer, by the Royal Institute of Great Britain, for 1928, according to information received at McGill University. The lectures are delivered on scientific subjects by men outstanding for their distinction in research.

Would Purchase Alaska

Matter Is Discussed By Members Of B.C. Legislature

Victoria.—The resolution of H. F. Kergin, Liberal, Atlin, suggesting that negotiations be opened with the United States for the acquisition by Canada of the Alaska Panhandle, was discussed in the Legislature here. The resolution requests the Dominion Government to take up the matter in an effort to arrive at an amicable agreement between the two countries. Debate on the motion was adjourned.

The history of the acquisition of the Alaskan territory by the United States was reviewed, together with the claims of Canada for the territory along the mainland of British Columbia by Mr. Kergin, and by Ian Mackenzie, Liberal, Vancouver.

Mr. Mackenzie said that recently the League of Nations had been responsible of the settling of many boundaries in Europe which differed materially from what they had been, that it was reasonable to suppose the question of the Alaskan Panhandle might be adjusted in the light of recent ideas as to equity among nations.

Canada, he said, could afford in fact, to pay for this stretch of land as much as the United States paid Russia for the whole of Alaska, if this was necessary.

May Be Acquired By Manitoba

Ottawa.—If the province of Manitoba wants the Seven Sister Falls on the Winnipeg River, in Eastern Manitoba, it can have them, and in any event the province will get preference in this respect before any private interests, states Hon. Charles Stewart, Minister of the Interior.

Discontinue Secret Service

Victoria.—The secret service system operated by the liquor board has been discontinued, the public accounts committee of the legislature was told by Attorney-General Manson.

Protest Showing Of Edith Cavell Film

Might Embitter Relations With England Says German Government

Berlin.—The German government is making protests against the showing of a motion picture built on the career and execution of the English nurse, Edith Cavell. The foreign office has issued this statement:

"The German ambassador at London and the German minister at Brussels are making all efforts to prevent the 'Nurse Cavell' film being shown to the public, their standpoint being such a film can only revive painful memories and embitter relations between the countries."

It was remarked that the film version of Edith Cavell's execution differs from the German official account. The official account contains nothing about a German officer having shot her to death with his revolver or about a German soldier in the firing squad having refused to obey the order to fire.

Memorial To Earl Haig

Premier Baldwin Has Suggested Erection Of Public Monument

London.—Premier Baldwin, in a glowing eulogy of the late Field Marshal Earl Haig, in the House of Commons, moved that the King be requested to order the erection of a public monument to the field marshal as an expression of the state's attitude.

Premier Baldwin's motion was carried after Ramsay MacDonald, Labor Leader, who associated himself with Mr. Baldwin's tribute, moved an unsuccessful amendment to the Premier's motion, whereby a committee should be appointed to consider the best form of memorial, in view of the field marshal's concern for the welfare of ex-service men, their widows and dependents.

Urge Harsh Measures

B.C. Council Of Women Recommend Lash For Drug Peddlars

Victoria.—Resolutions along social lines were adopted at the annual meeting of the Provincial Council of Women in session here.

One urged an amendment to the Opium and Drug Act of 1923, so that the offenders against the act might be punished with the lash. Copies of communications from the Hon. A. M. Manson, British Columbia Attorney-General, were read in connection with the discussion. One of these letters to the Hon. Ernest Lapointe, Minister of Justice, recommended the lash for such cases and noted that "the problem is probably more acute in British Columbia and Quebec than in other provinces."

May Reject Offer

Edmonton.—That the Alberta Government is not favorably inclined toward the Canadian National-Canadian Pacific offers for the taking over of the northern provincial railways and intends to recommend to the Legislature against acceptance of the offers was the announcement made by Premier Brownlee in the House here.

Quebec Sports Big Attraction

Beginning end of December and running until the third week of March and featuring the Eastern International Dog-sled Derby, the Quebec City Winter sports is a magnet that brings the tourists from near and far. Illustration shows Governor A. Harry Moore, of New Jersey, and Mrs. Moore, taking a bob-sled run down the Dufferin Terrace just outside the Chateau Frontenac where they stayed over the New Year's holiday with a distinguished party from that State.

WESTERN DAIRY CONVENTION IS A BIG SUCCESS

Regina.—Reaching a high mark in attendance, the Western Canada Dairy Convention, proved one of the most successful and profitable gatherings held in the west for some time.

J. J. Cochrane, Kerrobert, conducted the producers' session of the convention when the importance of fodder crops in milk production was discussed by the delegates. Varying opinions as to the value of corn as a fodder crop were expressed during the discussion. It was apparent that some of the delegates had found corn too expensive a crop owing to the difficulty of getting it cut during the farmers' busy season.

G. G. Perrissin, North Battleford, gave an interesting address on "The Influence of Our Boys and Girls in the Dairy Industry."

W. J. Cowie, Moose Jaw, gave the producers some facts and figures that revealed the real progress in scientific production in the Moose Jaw district under the guidance of the Moose Jaw Herd Improvement Association.

Professor L. M. Winters, animal husbandry department of the University of Saskatchewan, was accorded warm applause at the close of his informative paper on "Udder diseases and Care of Cows During the Dry Period."

Coincident with the producers' session a special session of manufacturers was held, addresses on technical subjects relating to butter production being given by internationally known experts.

Dr. E. G. Hood, chief of the dairy division of the Federal department of agriculture, gave an interesting paper on "Further Studies on Surface Taints and a Modified Score Card for Exhibition Butter."

Professor O. F. Hunziker, Chicago, spoke on the subject of "Butter Manufacture from Sour Cream." He stated it was better to concentrate on keeping cream fresh than to find means of making good butter from sour cream. When cream was permitted to sour before it left the farm, he said, it invariably imparted a bad flavor to the butter and also had a detrimental effect on the cans containing it.

Producers and manufacturers came together again at a luncheon under the auspices of the Canadian Society of Technical Agriculturists. Miss Helen Campbell, Ottawa, of the dairy branch of the Federal Department of Agriculture, spoke of the educational work being done to increase the consumption of milk and its products in Canada. Consumption in Canada was high enough to encourage them to further effort and low enough to be a challenge to increased effort, she said.

Propose Pension For Veterans

Ottawa.—Alfred Speakman, U.F.A., Red Deer, will propose in the House of Commons a resolution calling on the Government to consider the advisability of introducing this session such legislation as would provide for the payment of pensions to all former members of the Canadian expeditionary forces who are totally incapacitated, even when attributability to war service cannot be proven in such cases."

Fire Destroys Historic Inn

Niagara Falls, Ont.—The old Rob-In Hood Tavern in Stamford Township, the Niagara District's oldest house of entertainment, has been totally destroyed by fire. Two huge brick fire places at either end of the building are now all that remain of the historic old inn, built 102 years ago.

Reception To Canadian Farmers

London.—The Canadian farmers, who have been touring Great Britain and Denmark under the auspices of the Canadian National Railways, were received by Premier Baldwin and Mrs. Baldwin in the cabinet room at No. 10 Downing Street, the official residence of the premier.

Church Announcements

Evangelical Notes

The third quarterly conference of this year will convene in the church on Friday morning at 10.30 o'clock. Rev W. W. Krueger will preside.

The Lord's Supper will be observed here in the Didsbury church on Sunday morning and Westcott in the afternoon.

The Evangelistic meetings in progress for the last two weeks will in all likelihood come to a close on Sunday evening. A number of new decisions for the Christian life have been made and the Christians as a whole have been revived.

Knox & Westcott

Westcott, 11 a.m.
Didsbury, 7:30 p.m.

A special invitation is given to all who are interested in the ancient and honourable game of curling. The minister is taking for his subject, "The Fine Points of Curling, as Applied to Life."

On Monday evening at 8 p.m. the building committee are requested to meet in the church. The following are on the committee: Norman Clarke, W. J. Scheidt, C. F. Dooley, H. Hawkes, Dr. W. G. Evans, E. G. Ranton, F. W. Leeson, Dr. J. L. Clarke, W. J. McCoy, George Burns, H. Walsh, Jack Robertson, C. W. Gibbs, and H. W. Chambers.

A meeting of the Board of Managers is called for a short session after Church, Sunday, February 19th.

Lutheran Church

On Sunday, February 19th, services will be held at Westcott at 10.30 a.m. in German. At 2.30 p.m., service will be held at Didsbury in German. Sunday's address, "Jesus, the priest and prophet of God,"—a preparatory sermon for Lent—will be delivered at both Westcott and Didsbury.

The pastor proposes to answer three questions: a. What was the goal of Jesus the priest and prophet of God? b. What obstacles did Jesus, the priest and prophet of God, encounter? c. What results did Jesus, the priest and prophet of God, by his determined efforts gain.

Special reference will be made to present times. All Lutherans and unchurched are cordially invited to attend.

Burnside

We are very sorry to hear of the death of Mrs. Robert Griffin, an old resident of our district, which occurred very suddenly in Calgary on Monday morning.

Mr. and Mrs. Sam Elliott are visiting at Mr. and Mrs. Wm. McCulloch's home.

Mrs. Joe Clarke is spending a couple of weeks with her sister, Mrs. Mackie, at Arrowwood.

Master Edwin Anderson had the misfortune to fall off a stone boat while playing on Sunday and broke his leg. He was removed to the Didsbury Hospital where he is doing as well as could be expected.

Mr. and Mrs. Jake Dyck are receiving congratulations on the birth of a daughter.

Mrs. Alex Lieper and children are spending a month with Mrs. Lieper, parents at Gravel.

We are glad to hear Weber, who recently underwent a critical operation in the Holy Cross Hospital, is improving nicely.

The Lone Pine W.I. are holding their meeting in the Hall this Thursday afternoon. At the last meeting it was decided to hold a programme and supper on March 17th.

There will be a whist drive and dance afterwards in the Lone Pine Hall on Friday evening, February 10th.

The Burnside U.F.A. will meet on Monday evening, February 13th. A full attendance is requested, as important business is to be discussed.

There will be a dance in Melvin school, February 24th. Good orchestra in attendance. Ladies please bring lunch.
